Biotechnology Patent Attorney Manchester

This is a fantastic opportunity for a PQ or Finals Standard patent attorney to join the Life Sciences team of a well-respected and successful IP practice.

You can expect exposure to work across a broad spectrum of biotechnology and life science related subjects. There is a good mix of drafting, prosecution and opposition work, and as such there is a great opportunity to get involved with some interesting matters at an early stage in your career - which can only help your development.

In-House Chemistry Patent Attorney Buckinghamshire

A rare chance to join a well-established pharmaceutical company, to assist with a wide variety of patent and IP-related tasks to ensure that the company's IP is comprehensively protected.

Seeking a EPA who has a strong academic background in a Life Sciences or Chemistry field, the internationally-renowned work offered by this company is sure to be of interest. Candidates who are dual UK and European qualified are preferred, but this is not essential.

Senior Associate, Engineering/Physics London

A truly unique opportunity has become available to join a firm with an extensive and varied portfolio, which is seeking a Senior Attorney with either a mechanical engineering, electronic engineering or a physics background, to join their London office after a period of sustained growth.

Seeking high-calibre candidates with extensive experience in the industry, a minimum of 2 years' PQE, and a track record of success to maintain and improve their existing client relationships.

Biotechnology Patent Attorney Birmingham

This growing IP firm is looking for a specialist Life Sciences Patent Attorney to join the busy and friendly team in their prominent Birmingham office. If you are looking to take your career to the next level, do read on!

Those at finals standard, as well as qualified attorneys, will all be given fair consideration. Serious consideration will also be given to a lateral hire at Salaried Partner level, for the right candidate who is able to attract a following of clients to the firm.

Time to take the plunge?

Patent Paralegal (Partner Level) London

A top tier firm are looking for a Patent Paralegal to join them, to support selected Partners with a real variety of work ranging from secretarial and administration to paralegal portfolio management.

This is an exciting new opportunity for an existing Patent Paralegal or an experienced Patent Administrator or Secretary with extensive knowledge of the patent application process to hit the ground running. If you hold the CIPA qualification, this would be an advantage, but not a necessity.

Patent Secretary/Paralegal South West England

We are seeking a Patent Secretary/Paralegal with a minimum of 2 years' experience to provide high quality support within a close knit and motivated team. This is a great opportunity for an enthusiastic, hard working and motivated individual with strong administration skills, who is seeking a challenging position. With a fantastic salary up for grabs for the right candidate, along with a great benefits package - this opportunity is not to be missed!

CIPA Qualified Patent Administrator West Midlands

We have a very exciting opportunity to join a sector-leading IP firm based in the West Midlands. One of our key clients, this firm is looking for a Patent Administrator to join their successful team. It is essential you are CIPA qualified in order to apply for this position.

The successful individual will be joining a friendly yet busy team so candidates should be organised, motivated and have a proactive approach to their work in order to succeed in this fast-paced role.

IP Formalities Specialist - EP Grant South East England

One of our largest clients is searching for an experienced IP Formalities Specialist to join them in their friendly offices. They are specifically seeking a candidate with strong EP Grant and Validation knowledge. This role is based in their conveniently located offices in the South East, which are easily accessible by car or train. Considering people with 5+ years' experience, who can work to tight deadlines and have a very high attention to detail.
